

Mongolian Rangelands & Resilience (MOR2)
Case:
Towards Transformative Science With Society

**Communities, Conservation and Livelihoods
Conference**

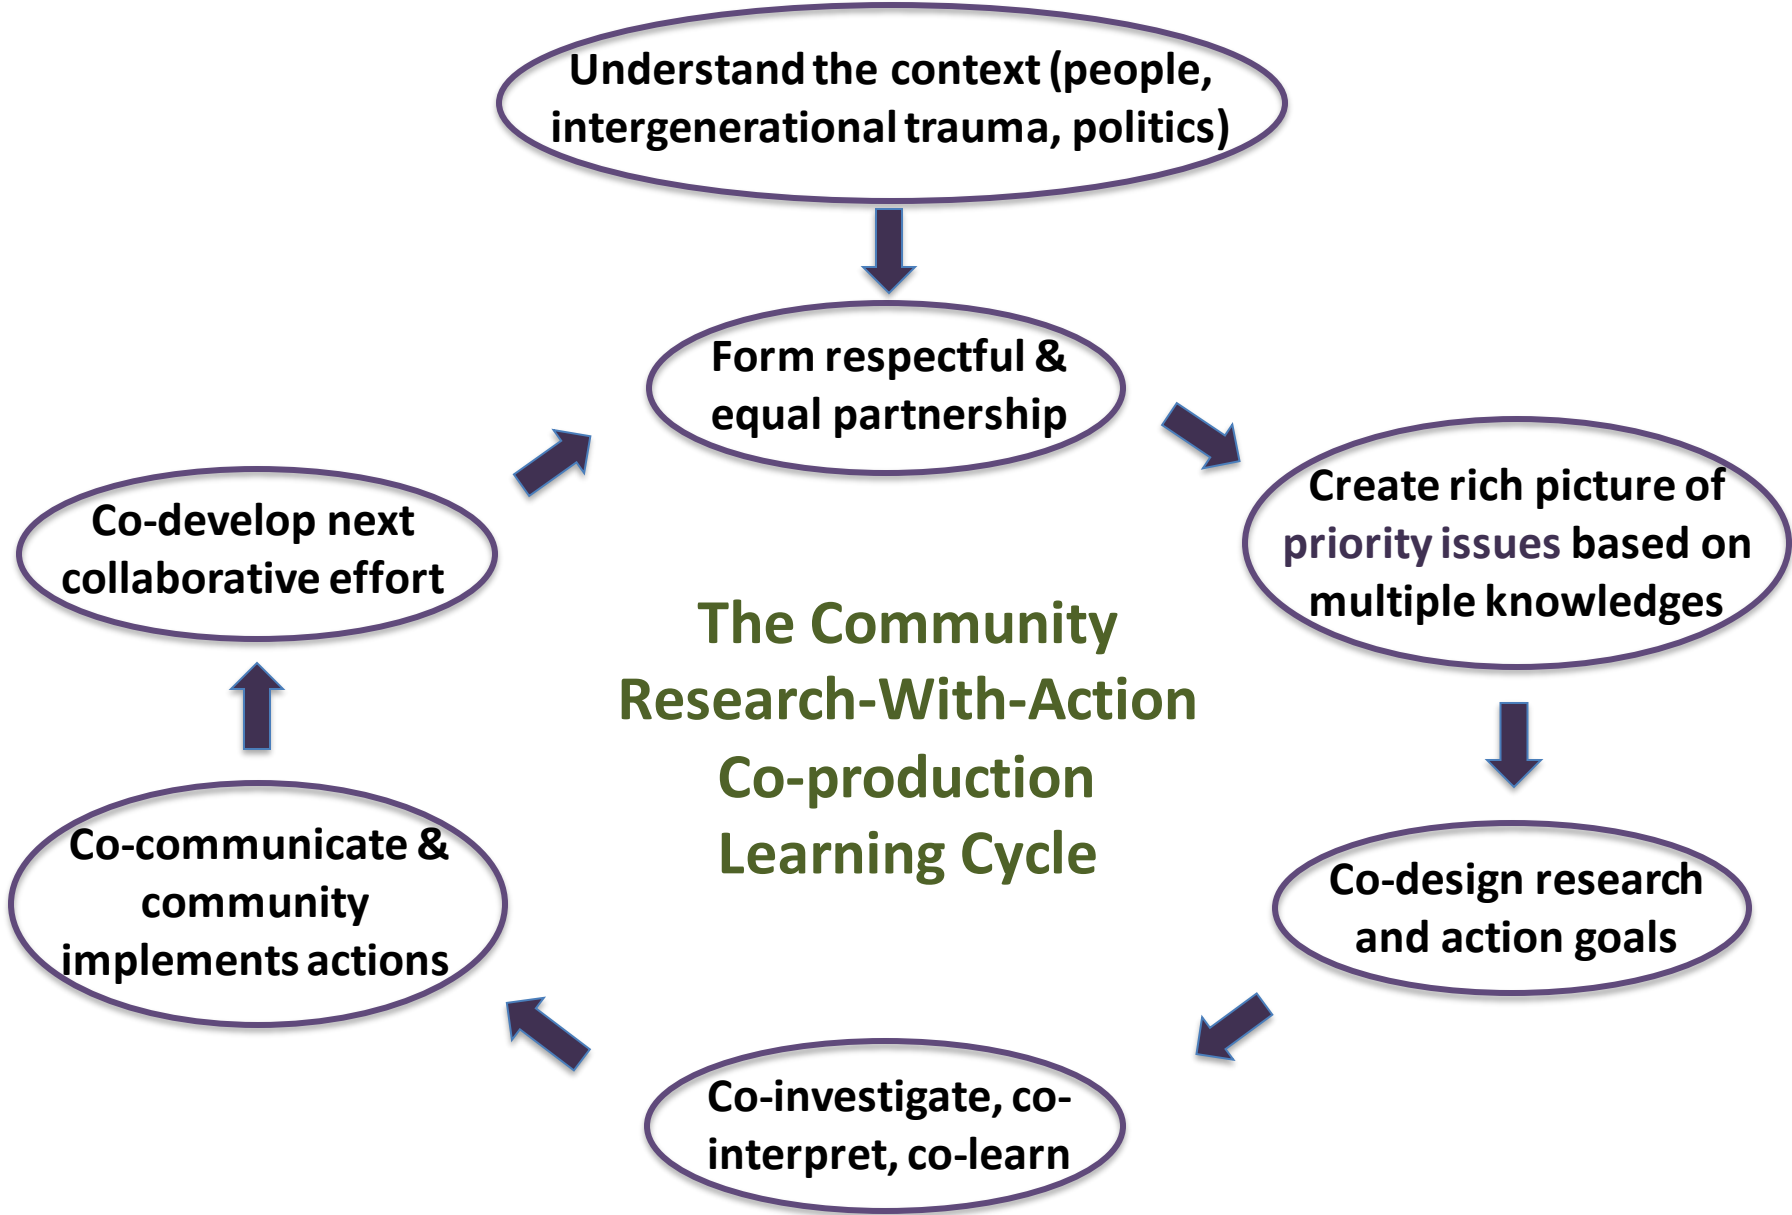

30 May 2018

María Fernández-Giménez (with MOR2 Team)

- **What does community research-with-action look like today?**
- **What is its next evolution, perhaps Transformative Science with Society?**

The 'How' of Community Research-With-Action (Western Scientist View)

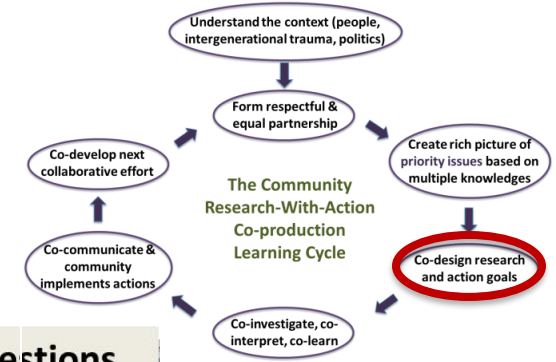

Context, partnerships & multiple knowledges

Mountain Sentinels Network 2015; modified by Reid 2018

Co-design research & action goals 2008-2011

1. Field Tour

2. State of Science

3. Research Questions

6. Research Design

5. Hypotheses

4. Conceptual Model

7. Feedback & Evaluation

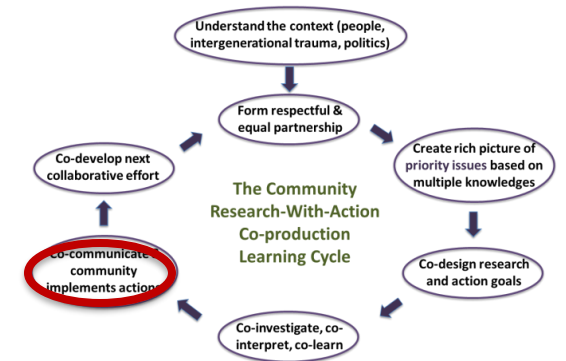

8. 2009 Pilot Sample

9. 2011 Training & Testing

Co-communicate: International Conference, National Policy Workshop

Outcomes & Impacts

- Polar Star from Gov. of Mongolia
- Influenced pastureland law discussions
- Mercy Corps Resilient Communities Program
- TNC Grassland Conservation Program
- Sustainable Fibre Alliance Stewardship Standards

Next Evolution? The Process is the Product

5 R's of Feminist Research

- **Respect**
- **Relationship**
- **Reciprocity**
- **Reflexivity**
- **disRruption**
